Suggestion to parents to make vacation pleasurable for students

Dear parents,
Warm greetings!

For the past 10 months we enjoyed taking care of your precious children. You might have noticed that they all loved to come to school. For the next two months, you will spend the vacation with them.

- Have at least two meals together with your children. Teach them the importance of not wasting their food.
- Allow them to help you in cooking. Let them make their own vegetables and fruit salad.
- **Learn five new words in English, any one Mathematical table and a page of handwriting.**
- Visit the grandparents and let your children bond with them. Their love and emotional support is very important for your child.
- Share stories about your childhood and your family history.
